

Beloved Brethren in the Lord Jesus Christ,

The past three days:

Friday: Spent the day seeking the Lord and then went to a bible study at which Junior preached in the evening.

Saturday: Went to the Mountains and preached the gospel.

Sunday: Gathered at the Sunday assembly at which I preached on biblical womanhood to this Church in Comas.

Thank you for your prayers, the Lord was with me in greater power and effectualness than last Sunday...for this I am grateful. The less amount I shame the Lord the better, till we all become a "channel only" of our blessed Master to a worthy degree! Please keep us in your prayers today: We plan to meet with Alfonso, Eder, and Junior at 5 pm so that I can share all that is on my heart concerning the Churches in Baranco and Comas (Lord willing), so that I can share the burden I have for Martin Zacharias (the fallen elder), so that we can set in order what the Lord would have us to do this week in regards to working toward our unity, therefore however much the Lord moves in this meeting will determine our week. This is very important because we are scheduled to fly out of Peru and be back with you all on the 14th of July (one week from today). We are able to move the ticket if necessary, but we are seeking the Lord's will about this...therefore we need to talk about all that is at hand with the elders and get a vision. If they are going to preach "falling from grace" to the Churches (which I am going to charge them concerning its necessity), I plan to offer that I would stay longer to help them preach to the people (if the Lord wills)...so we need vision brethren. Also there is a demon possessed girl we need to visit, a man in the Mountains that wants us to visit him again (his name is Mario), and several of things of pertinence besides the main reason we are here. Please keep us in your hearts and prayers as the Lord enables you beloved.

A more detailed update will come by Matthew or Francis, Lord willing.

We love you.
