

Dearly beloved brethren in the Lord,

Attached is a document that I wrote to Anand and Prasanna (my brother and sister in law). I wrote it while I was visiting in Minnesota. I acquired a specific burden for them concerning their parenting of their oldest daughter - that they lack an understanding of biblical chastisement.

I wanted to send this message out to you all in case the Lord would lead you to read it and be edified thereby. It is very short and simple, but faith in the promises that God has provided for Parents will save a household from the grasp of Satan. Satan seeks to strangle the household through the depravity of the children, but God has provided means to subdue the depravity and rule over it!

May the Lord enlighten your eyes, all ye who hope in the Lord!  
- brother Sean
