

Beloved Brethren of Texas & Australia,

I love you and I greet you in Jesus' Name.

For those of you who were not in town or who are in Australia, I was enabled by the Lord to preach 2 sermons (1 on Sunday and 1 on Monday). They have become 2 parts of what will continue to be another part, Lord willing. I have recently uploaded it to the [public sermon player](#). It is called, "[The Gospel of Matthew](#)" Series. The recorder failed to record all of the 1st sermon on Sunday... but what was missed via audio is there in text form for your study and full understanding as the Lord would lead you. Though I only preached 2 sermons, I turned it into 3 audio recordings which now appears to be 3 sermons, but those of you who were there on Sunday know that we were compelled to take a water break due to the intense heat (we were meeting at midday), and due to the water break there was a clear break in subject... so I just divided the message at that break because the 1st recording cuts off early.

Notice that there is a PDF downloadable format of the doc. I sent out via email. Also if you click the "[here](#)" you can find it laid out on a web-page if you prefer to read that way.

Brethren from Australia, I entreat you and plead with you that you would listen to/read this burden the Lord has compelled me to make available for you all. Also those who were out of town or at work (Green Texas, Cory, Taylor, etc.), I plead with you all the listen to these messages and follow the burden of what God is speaking. I have never seen the glory of Christ in the way I have as of late... in the Gospel of Matthew. What a glorious and cleansing power resides in the written word of God quickened by the Living Spirit of God! I have a refreshed understanding of its power to wash us from every guilty stain and perfect us wholly! Glory to God!

I love you all dearly, in the Name of the Lord Jesus Christ our Eternal King!

Your Unworthy and Blood-Bought Servant,
Brother Sean
