Dear brethren,

The most recent Sermon by brother Sean Morris is on his secret page, entitled "The Church Defined."

Also, Ryan asked me to upload three sermons to his secret page that he preached in Australia --

- "Fear God, Wait on God, and Believe in God"
- "Biblical Womanhood"
- "Brethren, We've Got to Run" (This is a version of the sermon that he preached to us in Wells before he left for Australia, but he told me he believes the Lord refined it in this version and that this one is even more anointed)

They are all on the secret pages with asterisks beside them.
