Dear Facebook Family and Friends,  
We would like to share a situation our family is in that began one week ago to bring awareness and ultimately save lives. Our 21-year-old daughter Mikayla and her boyfriend were pulled into a Christian cult on Monday (last week) Long story short, they were at a 3-day long Christian conference at the Houston Toyota Center where they approached a group who were protesting against the scripture and calling the Pastors at the conference false prophets right outside the Arena. Our daughter and her boyfriend talked to them all day, skipping the last day of the conference to see their views on scripture. This group invited them to go to Starbucks where they were handed drinks and were brainwashed as they twisted scripture and making them to believe they were not saved. Eight hours later they were led to Wells, TX (6hours away from SA) to live in the body of Christ where they will abandon all possessions, family, everything. They would be told if they were to leave Wells, TX they would lose their "newly-found" salvation.

After getting the call they were on their way to Wells, we pleaded with them not to go and did some research on the group, which was clearly cult activity. We immediately headed to Wells to intervene. We literally went to the fiery pits of Hell and back. By the grace of God, love, the help of law enforcement, persistence, etc. in less than 15 hours we got our children out of this cult environment.

Thursday, my daughter received an email sent to her Texas A&M student email which she did not reply to. Friday at 2:PM they showed up at our door looking for our daughter. Our 19-year-old daughter Makenzie was home alone and called the Sheriff. Unfortunately, they left before the Sheriff arrived.

Saturday and Sunday, I (Melissa) received text messages asking if they could FaceTime her to make sure she was where she desired to be, home with her family. This group are persistent predators, wicked shepherds.

Please do some research, spread awareness to your loved ones, and please share this post. They target young adult college students. They visit college campuses regularly and are known to message their victims on Facebook without even meeting and show up on their doorstep out-of-state.

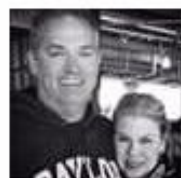

Google "The Church Of Wells."

These are the two that showed up at our doorstep Friday, they drove 6hours from Wells, TX.

"Put on all of God's armor so that you will be able to stand firm against all strategies of the devil."

Ephesians 6:11

So sorry this happened. I just watched news video about the group. The young guy in your porch is one of the three main "elders". He meant business by traveling so far!! Very scary. Hug your girl. Prayers for all of you.

Oh yeah! I was in his evil presence for 8hrs straight (3:am to 11:am after a 6hr. drive) trying to get my daughter back. I had to travel a great distance to get the judge to sign a Mental Health examination just to have her removed. He would never let me speak to her alone and stood shoulder to shoulder with me twisting scripture. We expected him, Pure Evil! They will use this for His glory 🙌

Melissa, I am at a loss for words. So happy your girl is ok!! I know your family's faith is strong. It is scary that this could actually happen to a young person strong in her faith in our Lord! It's disheartening to think about those that are not & whose parents may not know the Lord? Thank you for bringing this to light! Our God is so good! Continued prayers for your Micayla & friend (and you all) as they work all this out.

Thank you Ricky! It can happen to anyone, that's why we want to make sure we spread awareness on the reality of these cults. He is and will continue to use this to bring Glory. This has a divine purpose and we can't keep quiet.

"And we know that God causes all things to work together for good to those who love God, to those who are called according to His purpose." Romans 8:28
